

# Orange County Parks Improvement Planning Project

## *Envision the Future of Your County Parks*

### Project Description

The goal of this planning effort is to create an action plan for restoring and improving the parks of Orange County with the purpose of preserving and improving natural resources and wildlife habitat and enhancing recreational facilities and gathering places for families, social groups and individuals of all ages and abilities.

*This effort will be focused on the following parks:*

- Claiborne West Park
- Gould Walking Park
- Bluebird Fish Camp
- Baileys Fish Camp

### Public Input

Public outreach and communication will occur through a number of outlets, including public open houses, news media, the Orange County Parks website and social media.

Orange County Parks serve many people by enhancing connections to nature and recreational experiences while providing habitat for wildlife. This planning process will aim to balance the needs of the community with providing safe and accessible public spaces among natural systems.

### Public Meetings with Open House:

**When:** Tues & Wed May 14-15 5:30pm-6:30pm (Same meeting-two chances to attend)

**Where:** The Expo Center, 11475 FM1442 Orange, Texas 77630

**Why:** To provide information on the project and to hear about your interests and goals for park improvements. We encourage you to attend!
